

Grants

Grant Recipient	Awarded Amount	Purpose of Grant	Performance Measure	Program Evaluation
Howard University	\$260,000.00	Water Quality monitoring of newly installed Bioretention Cells	On a monthly basis, Howard University is to provide a report detailing the number rain events, and quality of stormwater before and after it exits the bioretention cells. Also, when requested provide a presentation of all it activities and summary of the quality of the stormwater.	Howard University has provided reports. The information in the final report has been useful to determine the effectiveness of the stormwater mitigating devices. It also demonstrates that they are met the performance measures of the grant. The agency has not requested a presentation to date.
Capitol Hill Arts Workshop (CHAW) Alphabet Animal Project	\$35,000.00	CHAW will use these funds to sponsor an 'artist call' for individuals or organizations willing to produce animal art that will be installed in public space at the intersections of 'letter streets' in SE and SW DC. Examples include, an artistic rendering of an 'aardvark' at A Street, SE or an 'elephant' at E Street, SE. CHAW will lead a community evaluation process to evaluate the artistic work and choose the artwork that will be installed in public space.	This is a one time grant awarded to the CHAW project. All reporting will be handled by the CHAW program manager and	DDOT requires monthly reports from grantees unless it is a one-time grant; then the department receives a final report once funds have been spent.
Washington Parks and People	\$45,000.00	To support a green corps that supports work on Stormwater mitigation, forest reclamation and stewardship on public and private lands in the District.	This is a pass-through Forest Service Forest Stewardship Grant. All reporting and performance measures are handled by the Federal agency with review and assent by the Urban Forestry Administration. Note: funds were made available in August 2013 due to federal budget issues.	All of these grants were handled as pass-through grants and all selected grant partners applied directly to the Northeastern Area State and Private Forestry Programs; as such, all reporting and performance measures are handled by the Federal agency with review and assent by the Urban Forestry Administration. Recipient is meeting the grant requirements.
Washington Parks and People Green Corps	\$15,000.00	Additional support for the 2013 Forest Stewardship Project.	This is a pass-through Forest Service Urban and Community Forestry Grant. All reporting and performance measures are handled by the Federal agency with review and assent by the Urban Forestry Administration. Note: funds were made available in August 2013 due to federal	All of these grants were handled as pass-through grants and all selected grant partners applied directly to the Northeastern Area State and Private Forestry Programs; as such, all reporting and performance measures are handled by the Federal agency with review and assent by the Urban Forestry

Grants

Grant Recipient	Awarded Amount	Purpose of Grant	Performance Measure	Program Evaluation
Washington Area Bicyclist Association (WABA)	\$100,000	The grant's goal was to provide a presence on the trails through the District so that users could get information; DDOT could get condition reports and creates clean-up activities with the community.	Reduction in the number of complaints related to trail conditions by users	The program was reviewed by UFA staff and the trial was inspected by staff to ensure that WABA had staff on the trail. The program was evaluated on the number of work requests entered into 311 by WABA, the response from the trial users to the actions of WABA staff on the trail and the overall improvements by engaging with the community.
Joint Center for Political and Economic Studies and the Metropolitan Washington Council of Governments	\$20,000.00	To support the Urban Forestry PhotoVoice project. It is an innovative PAR method based on health promotion, education for critical consciousness and community based approaches to documentary photography involving youth in Ward 7 and 8.	This is a pass-through Forest Service Urban and Community Forestry Grant. All reporting and performance measures are handled by the Federal agency with review and assent by the Urban Forestry Administration. Note: funds were made available in August 2013 due to federal budget issues.	All of these grants were handled as pass-through grants and all selected grant partners applied directly to the Northeastern Area State and Private Forestry Programs; as such, all reporting and performance measures are handled by the Federal agency with review and assent by the Urban Forestry Administration. Recipient is meeting the grant requirements.
Promote Teen Safety Education Programs / Associates for Renewal in Education (ARE)	\$50,000.00	To educate teens of the dangers of substance abuse while driving; To educate teens of the dangers of cell phone use and text-messaging while driving; To emphasize the importance of seat belt use to teens in the District of Columbia; To increase teenagers awareness about the dangers of drinking and driving; To emphasize the importance of pedestrian safety in teen driving education.	Conduct/host driver safety education and training to 500 youths in between October 2011 and September 2012. Target groups include youth from the District's Dunbar, Woodson, Duke Ellington, and Ballou High Schools; Collaboratives; ARE's Youth Development program; ARE and Sasha Bruce group homes; and the Summer Youth Employment Program.	ARE established relationships with Bell Multicultural High School (Columbia Heights Educational Campus) and Woodson Senior High Schools. Oriented new school and staff to the program. Connections were reestablished with Fihankra Wellness Program, Sasha Bruce Youthworks, and Community Academy Public School. Pre-Prom groups were held at 13 Public and Chartered Schools. These sessions were partnered with EMS, DDOT, and MPD. Sessions focused on drinking and driving, wearing seat belts, and distractive driving. ARE's Pre-Kindergarten children learned about care safety utilizing their interest areas. They culminated the school year by reciting a safety poem in their closing program. Obtained and distributed the District's pedestrian safety plan for distribution to parents and teens. Distributed information to schools, parents and community based organizations during the "Smooth Operator" Campaign June 4th-9th.

Grants

Grant Recipient	Awarded Amount	Purpose of Grant	Performance Measure	Program Evaluation
Metropolitan Washington Council of Governments	\$475,000.00	To Support Metropolitan Planning Activities in the DC Region	This is a pass-through of FHWA formula funds. The grant funds MWCOG staff, development of the Constrained Long-Range Plan, and other COG activities.	This program is ongoing. MWCOG has successfully completed a long-range plan that was adopted in July.
Union Station Redevelopment Corp.	\$4,227,795	Replace escalators at Union Station	No specific performance measures but DDOT will follow USRC's management of the construction contract and review all invoices to insure the work is being carried out in conjunction with the approved plans.	USRC is required to provide quarter progress reports and a final report on the escalator replacement project. However, the program has not yet been completed.
SW PIDs (SW Heritage Project)		To provide SW PIDs with a computer and monitor to establish a real time digital display that provides multi modal transportation information such as Capital Bikeshare, Metro bus and rail services as well as walk time to area destinations	This application will serve the entire district. The purpose of the SW PIDS project is to provide real-time non-automotive travel information to residents and visitors of the southwest quadrant of the Ballpark District performance parking pilot zone. Through this project DDOT has agreed to provide one monitor and the appropriate computer software necessary to display this travel information.	N/A
Student Conservation Assoc.	\$249,732	Trail maintenance throughout the city.	Reports are provided with invoices and a final report is required.	Reports are being provided
Living Classrooms	\$99,003	Trail maintenance on Kingman and Heritage Island	Reports are provided with invoices and a final report is required.	Reports are being provided
Washington Regional Alcohol Program (WRAP)	\$100,000.00	To increase knowledge and awareness of the dangers of alcohol by promoting healthy decisions through direct educational programs at local public and private high schools and community groups in the District of Columbia.	<ul style="list-style-type: none"> • To increase knowledge and awareness of the dangers of alcohol by promoting healthy decisions through direct educational programs at local public and private high schools and community groups in the District of Columbia. • To increase community outreach opportunities outside of the school environment. • To reduce the number of alcohol-related traffic fatalities in the District of Columbia by 5% from 7 in 2009 to 6 in 2012. 	<ul style="list-style-type: none"> • Developed and distributed copies of the Annual Data Report and distributed 2,000 copies of two newsletters • Four SoberRide campaigns ran on Halloween 2011, the Holiday season from December 16-31, 2011, St. Patrick's Day 2012 and July 4, 2012.
