National Science Foundation Office of Inspector General Audit of STEM research grant. This review by NSF of UDC compliance with accounting and record-keeping requirements in the performance of a 5-year STEM Center grant covering AY 2004-05 through AY 2008-09 was settled through agreement with the U.S. Attorney's office, civil division, in FY 2013 for \$530,000.

D.C. Office of Inspector General ("OIG") inquiry, October 17, 2011. OIG Control Number 2011-0606 is regarding a billing dispute with Associated Travel & Tours, a vendor who provided bus transportation services to UDC for athletic teams and student activities. By letter response to OIG December 14, 2011 the university provided accounting documentation establishing that all invoices for which the vendor had provided appropriate documentation had been paid. The matter was closed. Follow up correspondence on the same control number was responded to by UDC in early 2012 and OIG closed the matter in a letter to UDC's General Counsel dated June 14, 2012, OGC File No. 110366.

D.C. OIG inquiry, September 2011. OIG Control No. 2011-0507 was an anonymous complaint to OIG alleging time and attendance improprieties, use of university equipment in a private business and improper alteration of accounting records. These complaints were investigated by UDC's Internal Auditor. Her report on Sept. 30, 2011 concluded that there was no evidence supporting or substantiating any of the conduct alleged in the complaint to OIG. The matter was closed by OIG 12-16-2011.

D.C. OIG inquiry November 29, 2011. No OIG Control Number was provided regarding this phone call from OIG to the General Counsel seeking information on an employee's work schedule. In response the university provided the employee's calendar and work schedule for the 18 month period requested by the OIG investigator. No formal request was received by the university and no further information has been requested by OIG, and thus UDC considers this matter closed.

D.C. OIG inquiry January 2011. OIG Control Number 2011-0042 was a complaint to OIG which alleged UDC violation of its student government constitution regarding the 2010 student undergraduate election. This matter has been extensively and finally investigated by the university's internal auditor and Board of Trustees, with various reports previously provided to the Council. Matter closed with OIG January 21, 2011.

D.C. OIG notification to the University in a letter to the President February 2012 regarding several university employees apparently among the group of District Government employees who had collected unemployment benefits from DOES while maintaining employment with a District agency. UDC completed its response on time in March 2012 and in the manner prescribed by the District's Office of Attorney General.

D.C. OIG inquiry August 29, 2012. No OIG Control Number was provided regarding this question from OIG to the General Counsel seeking information on a grant from the Law School Foundation to the University to support a faculty professorial Chair. UDC General Counsel met with OIG investigators, provided a copy of the grant agreement and closed the matter out in a Sept. 14, 2012 letter to OIG.

D. C. OIG inquiry summer 2012. OIG Control Number 2012-0438 referred to an allegation that grant funding received by a university program for pre-kindergarten educators had been improperly administered. The University General Counsel provided a fully documented response on July 13, 2012 establishing that the funds had been administered properly and OIG closed the matter in a letter to the University President dated July 24, 2012.

U.S. Department of Education, Office for Civil Rights Complaint No. 11-09-2087. This matter regarded a student complaint about the university's grievance procedures. In response, the university Board of Trustees revised and updated UDC's harassment and non-discrimination procedures and the OCR complaint was closed with a Letter of findings sent to Dr. Sessoms.

The University P-Card Program Division has occasionally increased Mr. Alvin Venson's P-Card to allow for emergencies for the daily operation of the University's facilities.\*

**AGENCY'S TOTAL:** \$390,689.11

**19. (a) In table format, please provide the following information for fiscal years 2011, 2012, and 2013 (to date), regarding your agency's use of cellular phones and mobile devices: (1) individuals (by name and title/position) authorized to carry and use such devices; (2) total annual expense (FY) for each individual's use; and (3) justification for such use (per person). If the list is more than one page in length, you may provide it as an attachment.**

Total cost of mobile devices for FY 2011:	\$184,643.85
Total cost of mobile devices for FY 2012:	\$145,184.83
Total cost of Mobile devices for FY 2013:	\$ 40,523.24 (10/2012 to 1/2013)

**(1) individuals (by name and title/position) authorized to carry and use such devices;**

The enclosed spreadsheet is the present inventory (February 4, 2013) with the name of the service cost.

**(2) total annual expense (FY) for each individual's use;**

The record is too voluminous to provide a paper breakdown for each device given the invoicing practices and the fact there are two separate service providers.

We include here for comparison a sample month for each year requested:

The total cost of mobile devices for the month of January 2011: \$ 16,550.88

The total cost of mobile devices for the month of January 2012: \$ 12,303.76

The total cost of mobile devices for the month of January 2013: \$ 10,104.80

**(3) justification for such use (per person);**

The decision on the assignment of mobile devices rests with the head of each unit. These units are assigned when such possession is necessary to perform duties or enhance the performance of those duties. It is assigned to persons that very frequently, (or even constantly such as maintenance persons or executives) are away from their assigned office and it is necessary to maintain rapid contact with them.

**19. (b) Please describe how your agency manages and limits its phone costs, including cellular phones and mobile devices?**

During FY2012, OIT conducted an audit of all telephone services at the University, including mobile devices. Services (desk units and mobile subscriptions) significantly reduced.

On January 1, 2012 there were 2514 land lines, now there are 2124

On January 1, 2012 there were 201 mobile devices, now there are 154

The reduction of the units was one result of the review. More importantly, the service level and the contractual agreement with multiple providers were also considered. By March 2013, OIT will combine all mobile services with one provider at a lower cost and also limit the choice of accepted devices. We also pull all minutes so that no additional charges above the allowed number are incurred. Additionally, we selected a vendor that is part of the negotiated service plans by OCTO/DCNet to further reduce costs.

We intend to propose and implement by executive direction a further limit on the number of present mobile devices and establish stricter guidelines for their approval.

We are undertaking a further review of other communication charges including landlines after the Abolishment Act is completed and by March we shall reduce cost in this area as well.

As demonstrated by the above, OIT has been quite diligent and aggressive in reducing costs while maintaining service levels. Just in these items ca. \$100,000 were reduced from reoccurring yearly costs.

**20. (a) Does your agency have or use a government vehicle? If so, for fiscal years 2011, 2012, and 2013 (to date), please list these vehicles. You may group the vehicles by category (e.g., 15 engines, 33 marked cruisers, three transport buses, etc.).**

**20. (b) Please list all vehicle accidents involving your agency's vehicles for fiscal years 2011, 2012, and 2013 (to date). Provide: (1) a brief description of each accident; (2) the type of vehicle involved; (3) the justification for using such vehicle; (4) the name and title/position of the driver involved; and (5) whether there was a finding of fault and, if so, who was determined to be at fault.**

**21. (a) D.C. Law prohibits chauffeurs, take-home vehicles, and the use of SUVs (see D.C. Code §§ 50-203 and 50-204). Is your agency in compliance with this law? Please explain any exceptions.**

The University has no chauffeurs and the Board of Trustees has explicitly announced that it has not approved any policy that might permit chauffeurs. No employee or other person is permitted to take home any university vehicle. The University has SUV-type police vehicles used only by UDC Department of Public Safety officers for University business and no such vehicles are used for chauffeuring nor are any such vehicles taken home by any employee or other person.

**21. (b) If there are exceptions, please provide the following: (1) type of vehicle (make, model, year); (2) individuals (name/position) authorized to have the vehicle; (3) jurisdictional residence of the individual (e.g., Bowie, MD); and (4) justification for the chauffeur or take-home status.**

There are no exceptions for chauffeuring or for take home vehicles. The only exception is as noted above for police vehicles used by UDC Special Commissioned Police Officers in the performance of their duties while on a tour of duty at UDC.

**22. In table format, please provide the following information for fiscal years 2011, 2012, and 2013 (to date) regarding your agency's authorization of employee travel: (1) individuals (by name and title/position) authorized to travel outside the District; (2) total expense for each trip (per person, per trip, etc.); and (3) justification for the travel (per person).**

**24. Please provide, as an attachment, a copy of your agency's current annual performance plan as submitted to the Office of the City Administrator.**

Attached you will find the University's Strategic Plan which sets forth its institutional performance plan. However, the University is currently engaged in the development of a revised comprehensive strategic plan. The plan includes tasks, products and a time line all designed to move us closer to transforming the University. The planning process will include assessments and recommendations regarding the University mission, vision, values and qualities that all students should have when they leave the University. Ultimately the plan will set forth strategic and tactical plans for all University programs and operations. It will reflect our belief that the residents of the District of Columbia deserve an affordable public option for higher education and our determination to provide high quality workforce development, associate, baccalaureate, graduate, professional and land grant programs. The plan also reflects our intent to be responsible stewards of the taxpayer dollar by eliminating waste and bringing our costs more in line with the national average and our peers. Our revised strategic plan will also address all of the concerns raised by the Council of the District of Columbia in its 2012 Rightsizing Act. It is the expectation of the administration and Board that the plan will be completed in the fall of 2013.

**25. What are your top five priorities for the agency? Please provide a detailed explanation for how the agency expects to achieve or work toward these priorities in fiscal years 2013 and 2014.**

- Provide a high quality learning environment that produces improved retention and graduations rates, high pass rates on licensing exams, high employment rates and employer satisfaction, high levels of success for students as they move along the continuum from workforce development to graduate programs and students who have the ability to adapt to the societal changes they will face in the 21 Century.
- Realign and focus our academic programs in all academic units, by taking an interdisciplinary approach to learning and still meet the demands in the marketplace and current fiscal realities. We will institute a University-wide public service requirement and integrate clinical, hands-on, experiences throughout the curriculum based on the clinical model of our nationally recognized School of Law.
- Increase student enrollment and tuition\fee revenues in programs at all levels.
- Invest in the activities and services that better enable us to recruit, retain and support students and improve their persistence to graduation. In this regard, conduct a top-to-bottom review of customer service quality and enabling technologies in key student service areas, including financial aid, registration, and academic advising to ensure that students can thrive and faculty and staff better serve them.
- Review and realign all University facilities and locations to increase economic efficiency and promote optimum space utilization.
- Streamline administration through a critical review of all staffing, including the senior management level, and reorganize, consolidate and transfer administrative units to reduce redundancy and bureaucracy.
- Develop new revenue streams including alumni giving, partnerships, grants, and corporate and foundation support.

## LETTER FROM THE PRESIDENT

On behalf of the administration and Board of Trustees of the University of the District of Columbia, I am pleased to submit this strategic plan. This document is the result of the hard work of very dedicated professionals, and it lights the path forward as Washington, DC's state university moves into its next phase of growth. As ambitious as it is creative, this document is a living blueprint that will continue to develop. In it, you will hear the voices of our tremendous faculty and amazing students.

In 2011 we celebrate the 160th anniversary of Miner's Teacher's College, the founding institution that evolved into today's UDC. We've come a long way, and we have a long way to go. With your support, the University of the District of Columbia is soaring ever higher!

Very truly yours,

A handwritten signature in black ink, reading "Allen L. Sessoms". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Allen L. Sessoms, President

# UNIVERSITY OF THE DISTRICT OF COLUMBIA: BUILDING ON A DREAM

The story of America's urban land-grant university is first and foremost a profile in courage. University of the District of Columbia's founding mother, abolitionist and educator Myrtilla Miner fought considerable opposition in 1851 when she created the Normal School for Colored Girls to bring about her dream of a more equitable and just society.

With the institution's land grant and Historically Black College and University status granted under the Morrill Act of 1862 and Higher Education Act of 1965, UDC's predecessors were formed to extend quality, affordable education to the residents of the nation's capital. Over time, a series of mergers among the District of Columbia's most esteemed institutions, including Miner and Wilson's Teachers Colleges, gave rise to the city's first comprehensive University. In 1977, the District of Columbia Teachers College, Federal City College and Washington Technical Institute combined to form the University of the District of Columbia with Lisle Carleton Carter Jr. as its first president. In 1996, the District of Columbia School of Law (formerly the Antioch School of Law) merged with the University and was brought under the authority of the UDC Board of Trustees.

In August of 2009, UDC's Community College opened its doors to provide much needed focus and visibility to the institution's two-year degree and certificate programs. With its open admissions policy, the Community College is positioned to play a key role in the fulfillment of the University of the District of Columbia's historical and legislatively mandated mission to prepare students with general education and workforce-specific certificates and training. At the same time, the baccalaureate and graduate programs of the University implemented academic admission standards and began a visionary transformation. Through continual assessment and improvement, the University offers postsecondary education that contributes to a better educated citizenry and supplies industry, government and the nonprofit sector with a well-prepared workforce.

Together, the University of the District of Columbia and its Community College offer more than 70 associate, bachelor's and master's degree programs, from classical arts and sciences to new green courses of study like urban agriculture and sustainability. This wide array of academic and professional programs is offered through five schools at UDC: the College of Arts and Sciences, the School of Engineering and Applied Sciences, the School of Business and Public Affairs, the College of Agriculture, Urban Sustainability and Environmental Sciences, and the David A. Clarke School of Law. The School of Law is ranked by *US News and World Report* in the Top 10 in the nation in law school clinical programs and is regarded as one of the finest public interest law schools in the country.

Our University's future is built on the dreams of our founders. As we look back on our 160-year legacy, we rededicate ourselves to nurturing the next generation of leaders and visionaries in our city, our country and the world.
