21. (a) Please describe the agency's procedures for investigating allegations of sexual harassment or misconduct committed by or against its employees.

The following are the relevant sections of the University Anti-Discrimination and Harassment Policy, Effective Date: July 15, 2014.

#### **A. University Complaint Procedure for Employees**

##### **1. Reporting Complaints**

If an individual who believes that he or she has been the victim of discrimination or harassment in employment decides that he or she wishes to file a complaint, the person must notify the EO Officer/Title IX Coordinator/Section 504-ADA Coordinator that he/she wishes to initiate the formal complaint procedure. An employee may file a complaint with an EEO Counselor at another District agency if so desired.

## **2. Required Information**

A complaint must be in writing and shall include the relevant name(s), date(s), and time(s), a detailed description of the allegations of discrimination or harassment, the type of discrimination or harassment being raised, the names of any witnesses to the discrimination or harassment, requested corrective action or remedies and any other relevant information on which the complaint is based. The complainant must sign the complaint and be willing to have their identity disclosed to the respondent, if necessary.

## **3. Filing Timelines**

### **b. Complaints Dealing with Sexual Harassment**

Sexual harassment complaints by employees adhere to the same procedure as stated in Part IX, Section A. The timelines for such complaints, however, are different. A complainant may file a sexual harassment complaint with the EO Officer/Title IX Coordinator/Section 504-ADA Coordinator or directly with D.C. Office of Human Rights within one year of the alleged incident. If the complaint is filed with the University, it shall have sixty (60) calendar days to resolve the complaint before it is referred to the D.C. Office of Human Rights at <http://ohr.dc.gov/complaint>.

## **4. Investigation of Complaints**

During the course of the University Complaint Procedure, it shall be the responsibility of the EO Officer/Title IX Coordinator/Section 504-ADA Coordinator to discuss with the complainant the options available under this procedure.

The EO Officer/Title IX Coordinator/Section 504-ADA Coordinator will conduct the investigations of all sexual harassment (including sexual assault/sexual violence) and discrimination complaints regarding employment related issues. During the investigation, the EO Officer/Title IX Coordinator/Section 504-ADA Coordinator will:

- i. Formally apprise the respondent of the charge of discrimination or harassment, in writing.
- ii. Elicit from the respondent an explanation of what occurred from his/her perspective.
- iii. Arrange for interim relief for the complainant, if appropriate.
- iv. Provide both parties with the opportunity to provide information and identify witnesses.
- v. Investigate the allegations by conducting interviews or gathering other relevant information.
- vi. Attempt in a non-legalistic, non-threatening manner to facilitate a solution acceptable to both the complainant and the respondent.

## **5. Resolution of Complaints**

The EO Officer/Title IX Coordinator/Section 504-ADA Coordinator evaluates allegations and evidence to determine if it is more likely than not that the alleged conduct in the complaint occurred. The findings of the EO Officer/Title IX Coordinator/Section 504-ADA Coordinator are memorialized in a written report.

At the conclusion of any investigation, the EO Officer/Title IX Coordinator/Section 504-ADA Coordinator shall conduct an exit interview with the parties and issue exit letters notifying the parties of the outcome.

If the EO Officer/Title IX Coordinator/Section 504-ADA Coordinator believes that there is sufficient evidence to support a violation of this policy, the EO Officer/Title IX Coordinator/Section 504-ADA Coordinator will submit a written report of the investigation and recommendations to the Vice President for Human Resources (or designee) for disciplinary action and relief for the complainant, as appropriate after the conclusion of the investigation. The Vice President for Human Resources (or designee) will subsequently administer disciplinary sanctions and relief for the complainant (as appropriate) in consultation with the responsible Vice President.

If the EO Officer/Title IX Coordinator/Section 504-ADA Coordinator believes there is not sufficient evidence to support a violation of this policy, the complainant and respondent will be so advised in writing.

As stated above in Section IX.A.4., the investigation shall be completed within thirty (30) calendar days; if additional time is necessary, the parties will be notified, in writing, of the reasons for the delay, the length of the delay, and kept informed of its status.

A confidential, written summary of the investigation and the actions taken under this complaint procedure will be prepared by the EO Officer/Title IX Coordinator/Section 504-ADA Coordinator for the University's use and, together with any other documentation, maintained in an "EO" file in the Office of Human Resources for at least seven (7) years in accordance with the University's record retention policy and applicable law.

## **6. Filing with External Agencies**

Upon receipt of the exit letter, the complainant may, if he/she is unhappy with the outcome, file a formal complaint with the D.C. Office of Human Rights (<http://ohr.dc.gov/complaint>) within fifteen (15) calendar days after the exit interview with the EO Officer/Title IX Coordinator/Section 504-ADA Coordinator. A respondent does not have the option to move a charge of harassment to the D.C. Office of Human Rights, pursuant to DC law.

During the extension period described in Section IX.A.4., the complainant may demand an exit letter at any time, and the EO Officer/Title IX Coordinator/Section 504-ADA Coordinator shall provide an exit letter upon such a demand. In addition, during the extension period, the complainant may file a formal complaint with the D.C. Office of Human Rights, notwithstanding whether the exit letter has been demanded or issued. If there is an extension period, a formal complaint to the D.C. Office of Human Rights shall be filed by the complainant during the extension period or within fifteen (15) calendar days after the exit interview is conducted,

whichever is earlier. Formal complaints filed beyond this time period shall be deemed untimely filed and dismissed as such by the D.C. Office of Human Rights.

The University encourages faculty and staff (including student-employees) to utilize the internal complaint process prior to filing an external complaint. However, staff and faculty may file with the U.S. Equal Employment Opportunity Commission (EEOC) ([www.eeoc.gov](http://www.eeoc.gov)) or, for disability complaints, the U.S. Department of Education, Office for Civil Rights (OCR) ([www.ed.gov/ocr](http://www.ed.gov/ocr)). Faculty and staff may file with the EEOC or OCR. The EEOC and OCR have their own filing timeframes which may be found on their respective websites, but generally are within 180 days of the alleged act of discrimination.

- i. Arrange for interim relief for the complainant, if appropriate.
- ii. Provide both parties with the opportunity to provide information and identify witnesses.

**31. What efforts has your agency made in the past year to increase transparency? Explain.**

*The University has worked diligently to enhance relationships with members of the surrounding community, representatives from local ANCs, students, faculty and staff. Our Office of Communications has focused on providing information via Legacy magazine, social media, UDC's television station, and the University's website. Newly created pages share the Equity Imperative strategic plan and present the President's Three-Year Report, which is also distributed to the general public via email and at various meetings, including Town Halls, where administrative and budgetary information is shared, comments are gathered from the community, and questions are answered. We continue to host ANC-3F monthly meetings at UDC, and a Weekly Calendar of Events is distributed broadly via email to spread news about the many activities and opportunities offered by the University.*

**Equity Imperative 2.0 Campaign** – *This campaign was designed to inform and engage all constituents on information about the management and progress of the University as it executes its strategic plan, The Equity Imperative. The campaign, led by President Mason, has enabled members of the community to engage with the University either in person or through events that have been live-streamed. Updates were provided during these sessions regarding enrollment, retention, programs, and fiscal matters. Questions were welcomed and information was downloadable afterwards through the website.*

**Focus Groups** – Multiple focus groups have been conducted internally and externally via an independent agency to inform strategies to improve services and better understand needs and concerns of constituents.

32. What efforts will your agency be making to increase transparency? Explain.

*We will be continuing the above actions, as well as making efforts to increase marketing that ensures the integrity of the University's brand and image. Signage along Van Ness and Connecticut Avenue and banners and other streetscape elements are being changed. We are working with key external constituents to better disseminate University news and announcements to alumni, donors and other key stakeholders. The University will spread advertising and marketing throughout the District and improve programming on our cable TV channel. The University is also strengthening relationships with community stakeholders such as the Van Ness Main Street.*

33. Please identify any legislative requirements that your agency lacks sufficient resources to properly implement. Explain.

*There are no legislative requirements that the University lacks sufficient resources to properly implement.*

34. Please identify any statutory or regulatory impediments to your agency's operations.

*There are no statutory or regulatory impediments to the University's operations. The University constantly reviews its internal DCMR regulations and updates where necessary.*

35. Did your agency receive any FOIA requests in fiscal year 2018? If yes, did the agency file a report of FOIA disclosure activities with the Secretary of the District of Columbia? If available, please provide a copy of that report as **an attachment**. Also state here the total incurred by your agency in fiscal years 2017 and 2018 as stated in the reports.

**See Attachment F. FOIA Report**

What efforts has the agency taken to reduce the number of CBE waivers submitted? What is the CBE spending goal for your agency per the DSLBD SBE Opportunities Guide (Green book)? What efforts has the agency taken to reduce the number of CBE waivers submitted?

The University's Office of Strategic Sourcing and Procurement has been committed to ensuring the success of the Certified Business Enterprise (CBE) program, continually educating and equipping the University's community with the tools necessary to utilize the CBE Market. The University has implemented a Certified Business Enterprise (CBE) awareness program as part of the University's Professional Development Training to promote SBE procurements by Contract Specialists, end-users, and cardholders. The awareness program provides instruction on how to identify CBE suppliers, to include through commodity lookups on DSLBD's CBE database and through the D.C. Supply Schedule, and clarifies the University's sourcing requirements under the D.C. Code. The Office of Strategic Sourcing and Procurement audits transactions for compliance, and implements additional training requirements or corrective action as necessary.

2. 90% Community College Persistence Rate for late-start cohort. The late start cohort has been placed

*on hold to ensure the resources are available for the program.*

3. *25% Increase in Workforce Pathway Programs. WDLL did not achieve the 25% increase in enrollment in a year, the enrollment increase is approximately 7%. This small enrollment is potentially due to our funding that has remained constant and has not increased.*

*Fiscal Year 2017 KPIs*

1. *10% increase in Community College and Flagship Associate in Science program offerings. The University exceeded its FY17 goal, achieving a 20% increase in Community College and Flagship Associate in Science program offerings.*
2. *20% increase in progression rate. The University did not meet this KPI, because the University is working to increase students progressing within one academic year; we are working to increase our full-time/part-time mix; we have a large part-time population, and it is often difficult for part-time students to progress within one academic year.*
3. *10-12% increase in retention. We exceeded that goal, achieving an 11% increase in retention.*

(b) What KPIs have been dropped (or changed) since 2015? List each specifically and explain why it was dropped or changed.

*No KPIs have been dropped since 2015. The “Assess and Coordinate Academic Program System” KPI was put on hold due to change in leadership of our branch campus. It has now been included in the FY 17 KPIs “Advanced Academy and Advanced Teaching and Learning Strategic Objectives.”*

39. What are your top five priorities for the agency? Please provide a detailed explanation for how the agency expects to achieve or work toward these priorities in fiscal years 2018 and 2019.

***The fiscal year 2018 top priorities develop a foundation for the University-wide 2022 strategic plan, which will focus on the following areas:***

- *Focusing powerfully on **Student Success**: improving student outcomes through heightened quality of support and service outside of the classroom, boosting retention and graduation rates, providing more financial support, and continuing to strengthen academic advising.*
  - *Establish uniform processes for admission, registration, financial aid, and related services across the entirety of UDC;*
  - *Ensure all offices receive customer service training and interact respectfully with students, providing correct information to students in a timely manner;*
  - *Maximize student progression with programs such as summer Early Start, Upward Bound, and dual enrollment; use digital programs and data to identify students in need of academic coaching and supplemental instruction;*
  - *Strengthen new student orientation, and make freshman orientation mandatory; expand Student Success workshops;*
  - *Increase support of graduate and transfer students.*
- *Charting **Seamless Pathways to Degrees**: enabling students to smoothly transition from high school to Workforce Development courses that are pegged to employer needs, or to professional certification, or to associate’s degrees, and from there to bachelor’s degrees, and graduate or professional degrees.*
  - *Strengthen ties with District public and public charter high schools;*
  - *Increase dual enrollment so that students at D.C. public schools and public charter schools may earn college credits at UDC while in high school;*

- *Enhance the dual enrollment partnership between adult charter schools and the Community College;*
- *Align curriculum pathways from point of entry to the bachelor's degree.*
- *Develop meta majors, or clusters of courses, that apply directly to phases and sectors of various careers.*
- *Adopting methods of **Perpetual Teaching and Learning**: widening and deepening learning experiences so that the educational process is more active for students, teachers, and staff alike, shifting from passive “sage on the stage” delivery of instruction to more dynamic and interactive “guide on the side” modes where everyone learns continuously and simultaneously.*
  - *Develop UDC's new Center for the Advancement of Learning into a living laboratory for innovative teaching and learning practices;*
  - *Transform the library into a technology hub and Digital Gym that expands digital literacy for both students and faculty;*
  - *Encourage collaboration in the classroom, creating communities of learners who are team-oriented and share a commitment to education;*
  - *Motivate teachers to continue professional development and leverage advanced forms of instructional technology, as well as low-tech methodologies of experiential and adaptive learning*
  - *Recognize and reward exemplary teaching, mentorship, and advisement.*
- *Building **Optimal Learning Environments**: operating with modern business techniques, technology, infrastructure, and the well-trained and compensated personnel needed to run an advanced system of higher learning.*
  - *Become a “preferred employer”;*
  - *Create business practices that are “frictionless” and transparent;*
  - *Endorse and enforce policies that are kept current and are easily identified and understood;*
  - *Ensure information systems are up-to-date, responsive, and operational;*
  - *Deliver quarterly fiscal and operational reports designed to inform planning and decision-making.*
- *Creating **Transformative Leaders**: offering academic programs designed to educate students to become critical and creative thinkers, problem solvers, effective communicators, and service-driven leaders in the workforce and the world beyond — and assembling a first-rate faculty and administration to meet these aims.*
  - *Implement a practical, flexible, and rigorous General Education core;*
  - *Increase opportunities for experiential learning, mentorships, and internships;*
  - *Strengthen the Writing Center and require more writing across the curriculum;*
  - *Inspire and support more urban-focused scholarship and service;*
  - *Encourage research and enhance graduate studies.*
- *Upgrading and Properly Locating Facilities: correcting endemic deferred maintenance and strategically locating campus sites.*
  - *Upgrade infrastructure, which includes upgrades and renovations to HVAC/MEP, IT, Plaza pavers, amphitheater, aviation, and automotive facilities;*
  - *Move the School of Law to North Capitol Street for proximity to the courts and to provide more affordable housing options for its students;*
  - *Expand the Backus site as the main facility of the Branch Campus Community College;*

- *Modernize labs, classrooms, conversion of 801 North Capitol to Law School; safety and other upgrades to Firebird Farms;*
- *Acquire an additional site for the Community College in Ward 8, which is a necessary step in building a resilient, sustainable and equitable ecosystem for the District as a whole.*

***Fiscal Year 2019 Top Priorities:***

*With the establishment and Board approval of the University of the District of Columbia's Strategic Plan: The Equity Imperative (2019-2022). There are three main goals:*

***Goal 1:*** *UDC will be a Public Higher Education Model of Urban Student Success by:*

- *Offering effective and affordable academic and workforce programs*
- *Launching nationally recognized urban research and scholarship*
- *Strengthening links to government and community stakeholders*

***Goal 2:*** *UDC will award more degrees and workforce credentials by:*

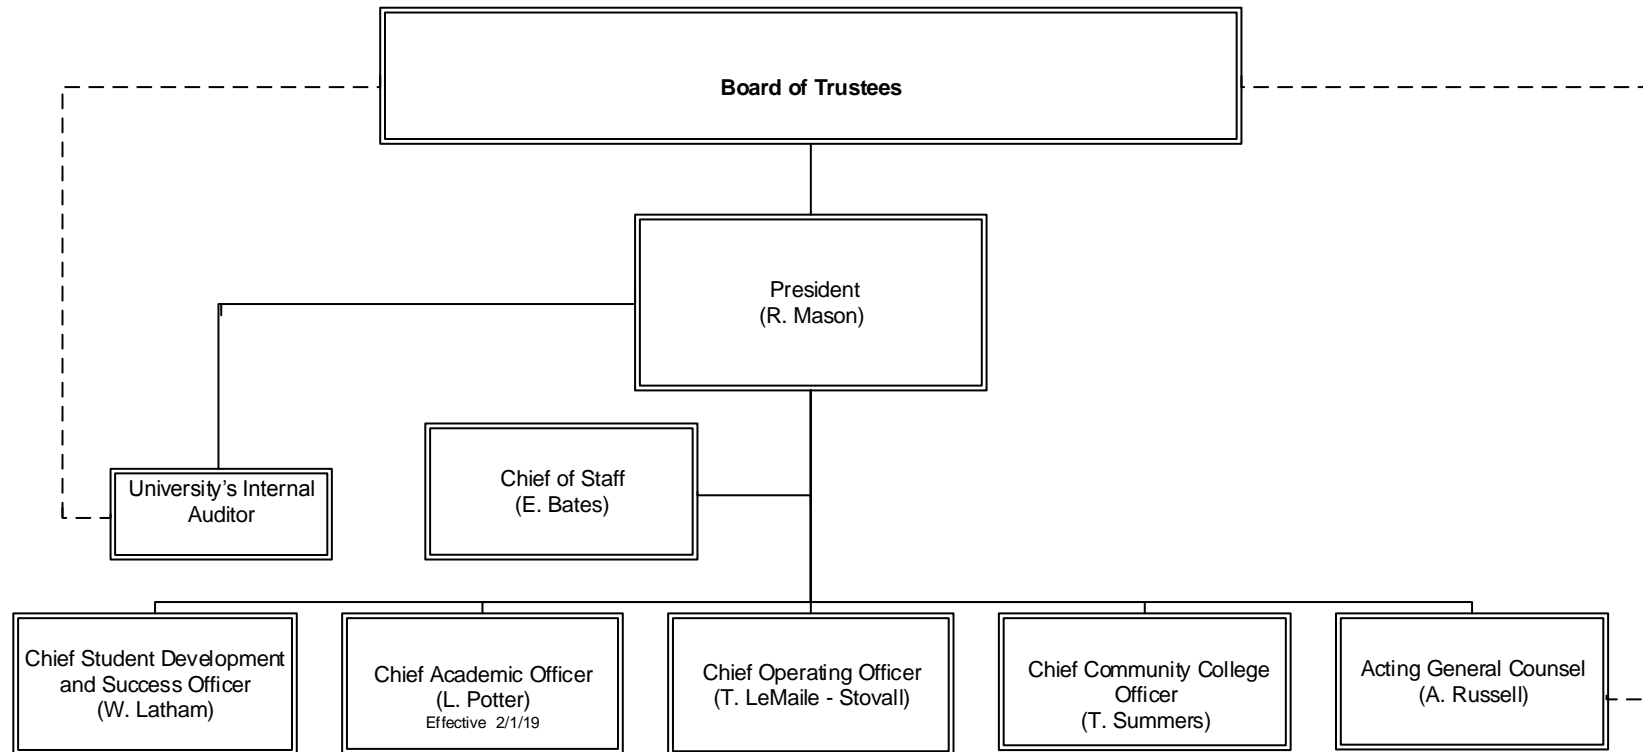

- *Charting seamless pathways between training, education and employment*
- *Ensuring students succeed by providing coaching, tutoring and financial aid*
- *Creating environments conducive to learning*

***Goal 3:*** *UDC will graduate passionate learners and leaders who will transform our lives and urban spaces as we:*

- *Encourage multicultural engagement*
- *Enrich our curriculum with experiential learning*
- *Equip students with self-awareness tools and senses of empowerment*

## AGENCY BUDGET ENHANCEMENTS

**FY 2017 PROGRAM ENHANCEMENT - FORM B**  
Agency Program Enhancement Request Details

**Agency Code:** GF

**Agency Title:** University of the District of Columbia

**Enhancement Title:** Compensation Competitiveness and Equity

**Date:** December 14, 2015

**Total Amount of Local Funds:**

**FTEs:** 0

**Is this Enhancement a One-time Cost?:** No

**Agency Point of Contact:** Troy Lemaile-Stovall, Executive VP and Chief Operating Officer  
troy.stovall@udc.edu, 202-274-7237

**Problem Statement**

The University has been forced to fund all Cost of Living Adjustments (COLA's) granted since FY 2013. It has absorbed three consecutive years (FY14, 15 & 16) of COLA increases. The compound effect of covering these increases without any new funds from the city totals approximately \$1.9M (FY14-16). Non-union employees have received only one COLA since FY 2007, unionized faculty received its last COLA in FY 2014; while AFSCME employees received COLA's every year from FY 2014 to the present. This disparity in awarding COLA's among employee groups creates salary inequities and morale issues among University employees and limits the University's competitiveness in recruiting and retaining high quality faculty and administrative staff. The city has historically provided funding to most DC agencies to support union and non-union COLA's and it appears that it plans to fund most agency COLA's in FY 2017, but to date not for the University.

Additionally, the University has no available funding to negotiate a new collective bargaining agreement with the Faculty Association\NEA. This new agreement is scheduled to be negotiated in the current (FY 2016) academic year. If no funding is provided, University faculty will not receive any salary increases until FY 2018 at the earliest, and thus will have received no COLA's for three consecutive years.

**Proposed Solution**

Increase the city's FY 2017 MARC to the University by \$3.5M to cover the cost of COLA's for union and non-union employees and provide funding for negotiating the 8<sup>th</sup> Master Agreement collective bargaining contract with the Faculty Association\NEA.

**Cost-Benefit Analysis**

The \$3.5M is less than the potential cost of legal fees and back-pay should the disaffected employees seek a legal remedies regarding pay equity and the failure of the University to negotiate in good faith with the faculty collective bargaining unit.

**Other Benefits**

The University can begin to provide equity between University non-union and faculty employees (who did not receive COLA's in FY 15 and FY 16) and citywide AFSCME, CFO and non-union employees who received COLA's in FY 15 and FY 16.

Negotiate a new collective bargaining agreement that maintains competitive faculty salaries in the various academic programs offered at the University.

The \$3.5M enhancement request will represent a \$1.6M increase in District funding above the University's FY 2016 allocation. This increased support from the city will have a positive impact on the University's 10-year Middle States Accreditation and the American Bar Association reaffirmation of the UDC David A Clarke School of Law visits in the spring of 2016.

## **FY 2018 PROGRAM ENHANCEMENT - FORM 2**

### **Agency Program Enhancement Request Details**

**Agency Code:** GF0

**Agency Title:** University of the District of Columbia

**Enhancement Title:**

**Date:** December 6, 2016

**Total Amount of Local Funds:**

**FTEs:** 0

**Is this Enhancement a One-time Cost?:** No

**Agency Point of Contact:** Troy Lemalle-Stovall, Executive VP and Chief Operating Officer  
troy.stovall@udc.edu, 202-274-7237

#### **Problem Statement**

The University of the District of Columbia (UDC) has 3 critical challenges

- Our non union employees have only received 2 COLAs in the last 10 years, the 2nd occurring in FY17
- The District negotiated a contract with AFSCME employees requiring a 3% COLA. Those funds needed to pay that COLA are provided to every District agency except UDC. Thus this COLA must be paid for out of our local funds taking away resources from our educational mission. In addition, employees in the UDC OCFO also receive a COLA that is also paid from appropriated local funds.
- The legacy structure of leases for many of our sites used for our Community College branch campus have CPI escalator clauses in addition to the taxes that must be paid on our 801 N Capitol facility. Our plan for FY18 is to use our Fund Balance to pay these bills versus using our Fund Balance to invest in furthering our educational mission.

#### **Proposed Solution**

Provide appropriated funds to

- Pay COLAs for our non Union staff
- Provide adequate funding to pay District-negotiated AFSCME and CFO COLAs
- Provide funds for facility leases

#### **Cost-Benefit Analysis**

From FY14-16, UDC has had to absorb over \$2M in costs to pay our AFSCME and OCFO COLA while widening the salary inequities between our Union and non Union staff in many cases doing similar jobs

- From FY14-16, just on our 801 N Capitol St facility, our costs have escalated over \$1.5M to the point where are total costs at 801 are almost \$6M and will continue to increase each year. This is a similar challenge at all our leased facilities.

#### **Other Benefits**

- Providing a FY17 COLA to our non Union staff created a well needed morale boost that was short lived as our FY18 submission contains no such increase.

<b>QUALITATIVE DESCRIPTION OR SUMMARY STATEMENT</b>
---

Pursuant to section 208(a)(9) of the D.C. FOIA, provide in the space below or as an attachment, “[a] qualitative description or summary statement, and conclusions drawn from the data regarding compliance [with the provisions of the Act].”

Turnover in the Office of the General Counsel, in which resides the UDC FOIA Officer, resulted in inefficiencies in processing requests in the early part of Fiscal Year 2018. As new personnel gained familiarity with the University record-keeping, efficiency improved. In addition, it is unfortunately quite clear to this respondent that requestors under DC FOIA, at this independent agency, primarily fall into two broad categories: those who wish to see records that directly concern them or advance their particular non-pecuniary interests, and those who wish to essentially harvest University information to advance their own, or their employers’ own, commercial profit interests. In my short time in this role, with the exception of requests by journalists, I do not see the interests of DC FOIA in promoting transparency in, and public understanding of, government, being advanced. The University has improved its compliance with DC FOIA timeframes and will strive to continue its improvement in Fiscal Year 2019.
