**Subject:** Ad Hoc Committee Nov 8th Update  
**Date:** Friday, November 8, 2019 12:49:32 PM

---

Dear Colleagues,

I wanted to update you on two things.

1. Nicole and the staff in the General Counsel's office are moving as quickly as they can through the attachments to the report. There will be two sets of those attachments released: the first set will include redactions only related to claims of third-party privilege. These documents will be made available only to the members of the Ad Hoc Committee and Mr. Evans. It is imperative that they be kept confidential. A second set will include both the redactions related to privilege and redactions for personal identifying and private information. These documents will be made available to the public and the press at the same time that members get their versions.

The first documents to be released—the transcripts of Mr. Evans's interviews—should be distributed to committee members at the beginning of next week. Additional documents will follow on a rolling basis. I expect that all attachments will be released before the end of next week, so that members can review those attachments over the weekend ahead of our meeting on Tuesday, November 19<sup>th</sup>. Please note that our meeting on the 19<sup>th</sup> will be in the Council Chamber.

2. Our third meeting will be on Tuesday, December 3<sup>rd</sup>, immediately following the Legislative Meeting. Consistent with Rule 653(c), I will be inviting Mr. Evans to that meeting, providing him with the opportunity to offer testimony to the committee and, should he chose, answer any questions that members may have. This meeting will also be in the Council Chamber.

Should you have any questions, please let me know.

Regards,

Mary
